## **HIPAA AUTHORIZATION**

To provide you with the benefits to which you are entitled, the Southwest Carpenters Health & Welfare Trust (the “**Trust**”) must collect, create and maintain information about you. We at the Trust are concerned about the privacy of this information which is referred to as “**Protected Health Information**” or “**PHI**” under the Health Insurance Portability and Accountability Act of 1996 (“**HIPAA**”). To protect PHI, HIPAA requires health plans such as the Trust to set up new policies and procedures regarding how they use and disclose information about participants such as you.

The Notice of Privacy Practices that has been mailed to all members of the Trust’s health plans describes how the Trust may use and disclose Protected Health Information about you, as well as the Trust’s obligations and your rights with respect to that information. If you would like another copy of the Notice of Privacy Practices, you may request one by calling the Trust Office at (213) 386-8590 or visit the website at [www.carpenterssw.org](http://www.carpenterssw.org).

HIPAA establishes limits on those with whom the Trust can discuss your Protected Health Information when you are not present for the conversation. These limits include information regarding your eligibility and the eligibility of your covered dependents, treatment dates and the reasons for any denial of benefits. If you want to authorize the Trust Office to discuss this type of Protected Health Information with another person you must complete the Trust’s standard Authorization Form. Generally, you will not need an authorization to obtain Protected Health Information about your minor children. However, you will need an authorization to obtain Protected Health Information about covered dependents that are adults.

You may obtain additional information regarding authorizations by writing to:
