SOUTHWEST CARPENTERS HEALTH AND WELFARE TRUST COMPARISON OF BENEFITS FOR ACTIVE PARTICIPANTS AS OF JANUARY 1, 2023

Southwest Carpenters Medical PPO Plan Notes: Only "allowable charges" are used in determining benefits under the Southwest Carpenters Medical PPO Plan. "Allowable Charge" means the customary charge, if incurred with respect to an Eligible Individual while in that status, in the area in which it is incurred, but not exceeding such charge as would have been made in the absence of benefits provided under this Plan, and to the extent an Allowable Charge is limited to a specific dollar amount within the Plan's benefit provisions, not exceeding the stated dollar limit for the service or supply rendered or obtained. The deductible is the amount of Allowable Charges you need to pay each calendar year before the Plan starts paying Allowable Charges for covered services or supplies. The Plan will pay 100% of Allowable Charges once the amount that any individual or family pays for covered services reaches the Out-of-Pocket Maximum. Refer to the Summary Plan Description book for more information.

Out-of-network emergency room visit and emergency outpatient surgery are paid at the in-network benefit level if treatment is due to a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in various types of serious harm. Out-of-network inpatient confinement for an emergency is also payable at the in-network level if authorized within 48 hours following admission as an inpatient.

THIS IS ONLY A SUMMARY: The below Plan benefits show only a partial summary of benefits. Please refer to the applicable Evidence of Coverage (EOC) document or Summary Plan Description book for prior-authorization requirements and specific restrictions, exclusions, and limitations. The copayments are applicable for covered services received as described in the EOC, however, the Trust's eligibility rules, as detailed in the Summary Plan Description book issued by the Trust, apply to all active eligible participants, even those enrolled in an HMO Plan. All charges associated with non-covered services or denied claims will be the member's responsibility.

We encourage you to visit us online at www.carpenterssw.org. Our website provides useful information on benefits, eligibility rules, links to provider networks, forms for changes in family status and much, much more.
